Will Be Passed and Sent

## DEFEAT ALL AMENDMENTS

Chorus of "Noes" from Democrats Defeats Sixteen Amendments Urged by Republicans and Progressives

## PROHIBIT LOANS BY RESERVE BANK

WASHINGTON, Sept. 17.—An eleventh hour revolt from the will of the caucus and the leadership of the banking and currency committee spread among Democrats of the house tonight when the administration currency bill was within the shadow of the final vote upon its passage. It threatened for a time to reach serious proportions, but the party leaders finally got the situation in hand again.

Chairman Glass of the committee and other leaders who sided with him were plainly worried and their predicament afforded unconcealed amusement to the Republicans and particularly to Progressive Leader Murdock. The revolt lasted through many speeches on the Democratic side, several from across the aisle and one vote on which more Democrats deserted the committee than had left its standard on any of the mooted questions brought up before. An amendment by Representative Fess of Ohio, designed to maintain all legal money at a parity under the retention of the gold standard caused all the trouble. Some Democrats professed to see it inimical of the old issue of bi-metallism and openly charged that the committee in endorsing such an amendment was offering a gratuitous insult to four-fifths of the Democratic party. That issue, they pointed out, was settled 16 years ago.

**Witherspoon First to Bolt.**  
Representative Witherspoon of Mississippi was the first to announce that with such an amendment tacked to the bill he would bolt the caucus and vote against it. "I will never vote for it," he shouted, "for I am an honest man."

"I challenge the right of the committee to bring in such an amendment as this," Representative Wing said. "Somebody is playing politics and trying to humiliate four-fifths of the Democratic party. It is useless—it is childish. Mr. Wilson and Mr. Bryan—I talked with Mr. Bryan tonight—want this amendment."

Representative Murray of Oklahoma declared that it was an insult to Democrats to endorse such an amendment. "I want to say now," he shouted, walking toward the Democratic committee table, "that the people of this country will not follow you to the polls next November on this issue."

Representative Shirley soured on the troubled waters only to have them stirred again a moment later by Representative Murdock. Mr. Shirley said that the amendment could do no harm and might do good and that it was time for Democrats to forget what was behind.

"The Republicans are playing politics with you," was the taunt of Mr. Murdock. "They propose to get a square vote on the amendment and the bill in the house and put you Democrats on record. It's a trap that they are asking you to walk into—if you want to walk into it, go ahead."

At the conclusion of Mr. Murdock's speech Representative Wing announced that tomorrow he would demand separate votes on the amendment and the bill. The Democrats paid little heed to the "warning" and the vote stood 104 to 38 for the amendment.

Washington, Sept. 17.—The administration currency bill will be passed by the house and sent to the senate tomorrow. In order to complete the total consideration of the measure and leave nothing but the formal vote for tomorrow, the house sat tonight and concluded the voting on postponed amendments. No material changes were made in the bill.

Republicans and Progressives today concentrated their fight on a number of amendments offered to the note issue section of the bill, which the Democrats disposed of with a rolling chorus of "noes," monotonously repeated.

Alone sixteen amendments posted from the minority side of the aisle were voted down in rapid succession.

The attack was directed principally at the provision making the federal reserve notes postponements to be issued through the federal reserve banks, government obligations. The Republicans declared this and a provision making the notes payable in "gold and lawful money" were a return to "greenbackism" and declared that Secretary Bryan had written into the bill the monetary theories "for which he has contended since 1896."

**No Loan Transactions.**  
The committee proposed and the house voted into the bill, an amendment which prohibited federal reserve banks from engaging in loan transactions with any one other than

## DIGGS AND CAMINETTI RECEIVE SENTENCES

MAURY DIGGS GIVEN TWO YEARS AND FINE OF \$2,000

F. Drew Caminetti Gets Eighteen Months and is Fined \$1,500—Prisoners Will be Sent to McNeil Island, Washington Instead of San Quentin.

NEW YORK, Sept. 17.—That years in the federal penitentiary on McNeil Island, Washington and a fine of \$2,000 is the price Maury L. Diggs former state architect of California, must pay for his flight to Reno with Martha Warrington, a Sacramento sorority girl. Eighteen months in the same prison and a fine of \$1,500 was the penalty on his friend and companion, C. F. Drew Caminetti, son of Anthony Caminetti United States commissioner general of immigration, for a like offense. Caminetti eloped with Martha Warrington's friend Lola Norris.

In designating the prison where sentence should be executed, Judge Van Fleet of the United States district court first named San Quentin penitentiary, a state institution.

The family, however, objected to San Quentin, where Diggs and Caminetti would associate with housebreakers, highway men and pickpockets, and Judge Van Fleet, desiring to show them considering amended the sentence to read McNeil Island, subject to the concurrence of the attorney general.

While both men under conviction of violating the Mann white slave act, Judge Van Fleet, in pronouncing sentence today agreed with counsel for the defense that the statute was not intended by its author to cover such offenses as these admitted by the defendants.

The acts makes it felony for a man to transport a woman from one state to another for immoral purposes and its popular designation as the white slave traffic act had injected into the general understanding of it, the court explained, a feeling that the element of gain must be the contributing motive to the act forbidden, and made criminal.

Diggs and Caminetti made this general understanding their defense disclaiming any intent to sell the girls into lives of shame.

The usual motions for a new trial and for arrest of judgment were denied. Judge Van Fleet granted however, a stay of execution of ten days, during which the defendants will be out on bail fixed at \$15,000 and \$10,000 respectively, while their counsel are perfecting an appeal to the United States circuit court or appeals for a writ of reversible error, which if granted, would entail new trials.

## ROOSEVELT MAY BE MADE SPECIAL ENVOY TO ENGLAND

Prominent Californians Suggest That Former President Might Be Persuaded to Accept.

Washington, Sept. 17.—Colonel Roosevelt may be made the special envoy of the United States to England and Germany to secure the participation of England and Germany in the San Francisco exposition.

While no formal tender had been made to Colonel Roosevelt, prominent Californians identified with the exposition had suggested to the administration that the former president might be persuaded to go to London and Berlin before he sails for South America.

It was stated on good authority also that both President Wilson and Secretary Bryan approved the idea but are with-holding a formal offer until they know the outcome of the negotiations now being conducted in Europe by E. V. Skiff, director general of the Panama Pacific exposition, with a view to obtaining support there for the exposition.

## WOMAN STRUCK BY BULLET MEANT FOR HER HUSBAND

Shooting Is One of Three In an Outbreak of Lawlessness in Chicago's Italian Quarter.

Chicago, Sept. 17.—Mrs. Francesca Allo, 19 years old, wife of Vincenzo Allo was hit in the back and probably fatally wounded tonight. The bullet is thought to have been meant for her husband, with whom she was entering a moving picture theatre.

The shooting was one of three in an outbreak of lawlessness in the Italian quarter. Allo and the other two persons fired at had received threatening letters demanding money.

Samuel Eisenberg, a grocer, was fired on in his shop, three bullets coming through the window. He was not wounded. Antonio Cosenzino employed in a nearby Italian grocery, also was fired at three times. He was not struck but one of the bullets went into a case of matches and set fire to the store. No arrests were made.

## PROMINENT LAWYER DIES.

Socorro, N. M., Sept. 17.—John E. Griffith, district attorney of the seventh judicial district and a prominent lawyer, died here today. Mr. Griffith, as a member of the house of representatives of the Ohio legislature in 1898, cast the vote that elected Mark Hanna to the United States senate.

## ORGANIZE NORMAL STATE BANK.

Springfield, Ill., Sept. 17.—A permit to organize the Normal State Bank at Normal, Ill., was today granted to J. F. Shepard of El Paso and James Hinckley, F. M. Moats and Frank Collins, all of Chicago. The bank is capitalized at \$200,000.

## POLICE FIND SCHMIDT HIRED ANOTHER MAN

EVIDENCE LINKS LIVES OF PRISONER AND MURET FOR LONGER PERIOD

Federal Authorities Step In With Warrants For Both Men—Property of Woman and Slayer Found In Apartment.

NEW YORK, Sept. 17.—That Hans Schmidt, the Jekyll-Hyde priest, whose double life was exposed Sunday when he was arrested and confessed the murder of Anna Aumuller after killing the girl and dismembering her body in a Broadhurst avenue flat, hired another apartment in which he presumably planned to conceal himself, was developed from police discoveries today. Evidence also was found linking closer and for a longer period than had been supposed the lives of Schmidt and his alleged counterfeiting partner, Dr. Ernest Muret.

The latter, papers found in his office by official searchers indicated, had left London for some offense committed while practicing medicine there and had practiced in Chicago under the name of "Dr. Arnold Held" leaving that city and dropping the name of Held sometime subject to July 1909. Although Muret has claimed he met Schmidt only six months ago, evidence has appeared that they had business relations as long as two years ago and that the dentist long had knowledge of Schmidt's counterfeiting experiments.

The federal authorities today stepped into the case with warrants for Schmidt and Muret charging that they had in their possession implements with which to make counterfeit money.

The detectives still scouring the neighborhood in which Anna Aumuller was murdered found today that three days after the crime a man resembling Schmidt but giving another name rented an Eighth avenue apartment for which he paid a month's rent. Two suit cases which were left there contained photographs of Miss Aumuller and Schmidt as well as numerous little feminine belongings evidently those of the murdered woman. Baby clothes made up and patiently embroidered and material for many other garments—enough for a complete outfit for an infant, were among the contents of the grips. Some of Schmidt's things were there too—clothing marked with the name "Vandyke," one of his aliases, a false mustache and false goatee and numerous other articles.

**Has But One Son In U. S.**

Aschaffenburg, Germany, Sept. 17.—Regarding the reports from New York that Hans Schmidt, the self-confessed murderer and the dentist, Ernest A. Muret, an alleged counterfeiting accomplice may possibly be brothers Schmidt's father today declared that he had no other son in America. He talked freely of his son's career and said he was known during his Mainz seminary days as "the mad doctor." He began to show signs of insanity seven years ago and repeatedly made statements from the pulpit which caused his hearers to laugh loudly. Schmidt's mother is prostrated by the affair and is pronounced dangerously ill with heart disease.

**TWO MEN HELD IN CONNECTION WITH DEATH OF STEPFATHER**

Admit They Fought With Schmidt Before His Death—To Determine Cause of Death Today.

Kansas City, Mo., Sept. 17.—Joseph Murphy, 28 years old, and his brother William Murphy, aged 20, were arrested tonight and held at the police station for investigation pending a coroner's inquest tomorrow to determine the cause of the death of their stepfather, John C. Schmidt, 42 years old at his home here yesterday.

Schmidt's stepsons admitted, according to the police that they had a fight with him shortly before his death, interfering, the said he was beating their mother. Members of the family declared that Schmidt voluntarily swallowed the poison after his fight with his stepsons, the police said.

## ATTORNEY CHARGED WITH SELLING JURY CONFESSIONS

When Arrested \$250 in Marked Bills Are Found in Assistant District Attorney's Possession.

Chicago, Sept. 17.—Charles Furthmann, assistant state's attorney, was arrested tonight, charged with having sold grand jury confessions and evidence to representatives of men indicted in connection with the recent investigations of arson cases.

When arrested Furthmann, according to state's attorney Herine, had \$250 in marked bills in his possession. Herine received information, he said that Furthmann had sold copies of a confession by Benjamin Fink for \$2,000, of which he had received \$1,500.

Arrangements were made today for the payment of \$250 more, Mr. Herine said. Photographs of the money were taken and the bills marked. When Furthmann was arrested, detectives say, the money was in his pocket.

WASHINGTON, Sept. 17.—So far as the Washington administration is concerned it became known tonight, no move is contemplated in the Mexican situation at present.

## THAW IN CONCORD FOR EXTRADITION HEARING

GREETED WITH ENTHUSIASM BY FULLY 12,000 SURVIVORS OF CIVIL WAR MARCH THROUGH STREETS

Spends Night in Famous "Throne Room of Eagle Hotel"—If Extradition Is Granted Appeal May Bring Long Delay.

CONCORD, N. H., Sept. 17.—Harry Kendall Thaw was brought to the capital of New Hampshire this afternoon to attend a hearing before Governor Felker on Tuesday next on the matter of his extradition to New York.

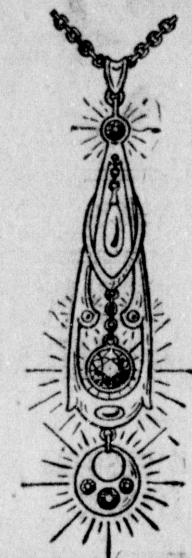

If extradition is refused, he will be a free man to go where he will in the borders of this state; if it is granted, his case will be reviewed by the United States district court on a writ of habeas corpus granted by Judge Edgar Aldrich and perhaps appealed to the supreme court of the United States.

When Thaw reached here from Littleton, N. H., this afternoon, a crowd which cheered him with lusty enthusiasm gathered at the station and followed him to his hotel.

## BAPTISTS OPEN EIGHTH ANNUAL CONVENTION AT LITERBERRY

Sixty Delegates Attend Sessions Wednesday—Nominating Committee Reports.

Sixty delegates were in attendance at the opening meeting of the eighth annual convention of the Morgan-Scott County Baptist Association, which was held at 9:30 o'clock Wednesday morning at the Literberry Baptist church.

The devotional exercises were lead by F. M. Coard and the association was called to order by A. A. Curry, moderator. Appointment of committees and the reading of the Literberry church letter followed. The address of welcome was delivered by S. H. Crum and was responded by Mr. Curry. Rev. W. L. Dorgan, pastor of the First Baptist church of this city delivered the annual sermon and the report of the nominating committee was presented. Their nominations follow:

Moderator—A. A. Curry, to succeed himself.

Clerk—Elizabeth Long of this city to succeed Mrs. W. A. Barrow of Waverly.

Treasurer—S. H. Crum of Literberry.

In the afternoon the woman's session was held and the devotional exercises were led by Mrs. A. A. Curry. The letters from the different churches were read and the principal address was delivered by Dr. S. H. Boyer of Springfield, who had for his subject: "Christian Stewardship." Miss Beulah Bessinger, a missionary in the Philippines, and H. H. Tilbe, missionary to Burma, India, gave interesting addresses and Wednesday evening the Sunday school session was held when addresses were given by H. E. Tolle of Mexico, Mo., and W. B. Morris.

Both dinner and supper was served the delegates by the ladies of the Literberry Baptist church in the church Wednesday and the sessions are to continue today. Among those from the city who attended Wednesday were: Rev. W. L. Dorgan, Mrs. John R. Hill, Mrs. Joseph Jackson, Mrs. L. B. Turner, Mrs. Stebbins, Mrs. R. C. Henley, Mrs. E. O. Mayer, Miss Elizabeth Long and Mrs. Joseph Smith. Mrs. W. E. Barrow of Waverly is among those in attendance.

## FIRST CHAPEL EXERCISES AT WOMAN'S COLLEGE

President Harker Makes Helpful Talk to Large Body of Students and Friends—Enrollment Shows Increase.

The first chapel exercises of the Illinois Woman's college were held Wednesday morning at 9 o'clock in music hall. There was a large number of guests present and members of the faculty occupied seats on the platform.

The school years starts out with the largest enrollment up to this time that the college has ever known there being 225. The list included a great many from Jacksonville and many of the pupils come from a long distance. With the splendid corps of teachers and promising students every department of the college bids fair to accomplish great results the coming year.

Dr. Harker spoke of the high standard of the scholarship which the college maintained and he hoped that the students would do their part in making the most of their opportunities. Knowledge could not come without good health, faith was necessary to obtain the goal and the end of all study was service. These were the keynote of the president's address and his remarks were impressive. He took occasion to introduce the new dean, Miss Amy M. Mothershead, who spoke briefly. The school plant has been put in excellent condition for the coming year and everything made ready for comfort and convenience of the large student body.

SUFFRAGETTE DEMONSTRATION.

The Hague, Netherlands, Sept. 17.—The suffragettes of Holland, incensed at what they termed the half measure in regard to woman suffrage offered in the speech from the throne yesterday, made a demonstration today in the vicinity of the premier's office and the parliament.

A body of 1,000 women marched in procession to the Knight's hall and the Binnenhof, where parliament was sitting. A deputation was sent in to see the premier.

The government's measure yesterday provided for an amendment to the constitution "permitting" woman's suffrage. The suffragettes fear a joker in the language of the fact and the demand that the desired equality should be made obligatory.

WRECK OF SUBURBAN CAR IS ATTEMPTED.

St. Louis, Sept. 17.—Charles Weingerter, 18 years old and his uncle George Weingerter, 28 years old, were arrested near East St. Louis, Ill., today on a charge of attempting to wreck a suburban car on the east St. Louis, Columbia and Waterloo railroad. Last night, it is said, the men caused a disturbance on a car bound for East St. Louis. The conductor put them off. When the car was on its return trip, with seventy-five passengers, it struck an obstruction and nearly turned over. An investigation revealed that an iron bar had been placed in split switch.

The car returned to East St. Louis and the conductor notified the deputy sheriff of the attempted wreck of the car. The arrests followed.

**EVANGELIST REES STIRS  
LARGE AUDIENCE**

**Story of Caleb and Joshua Told in  
Forceful Manner—Meeting of  
Women This Afternoon.**

The largest audience since Sunday evening was present at the big tent on the high school lot at 7:30 Wednesday to hear Dr. Rees on "Possessing the Land," a forceful address based on the brave part played by Caleb and Joshua in the spying out and conquering of the promised land of Canaan. The sermon was an admonition to Christian men and women, to promptness in well doing, high moral courage and faith in God. This afternoon Dr. Rees will speak to women only on "Personal Responsibility," touching on the important questions of marriage and the home.

Mrs. Rees sang as her solo selection Wednesday evening, "Because His Name is Jesus," a hymn by the celebrated composer of sacred song, E. O. Excell. Although a large and proficient body of singers compose the choir, a greater number is desired and a special invitation is extended choir singers of the city who have not done so to participate in the union chorus.

"The Greatness of Little Things" was the subject Wednesday of the special afternoon meeting. The service took the nature of a prayer meeting, scriptural references being given out to illustrate the points made by the evangelist. The afternoon service Friday will be an illustrated talk to the school children of the city at 3:30. In connection with it there will be a junior song rehearsal led by Mrs. Rees.

The Evangelist took for his text Hum. 13-30, "Let us go up at once and possess it, for we are well able to overcome." He said in part: About fifteen months have passed since the death angel came to Egypt and great waves of sorrow swept over the land and there lay dead the firstborn of both man and beast. Led supernaturally by a pillar of cloud by day and of fire by night, the children of Israel cross miraculously the Red Sea. The commandments thunder from Sinai, water gushes from the dry, flinty rock and they are within fifteen miles of the promised land that flows with milk and honey. Here their unbelief is made manifest. Faith never sends out spies. But the children of Israel, dividing up the territory, sent one to each tribe into the promised land. On the return of the spies, they were unanimous that it was a good and desirable land, but ten of the number said they could not possess it, but Caleb and Joshua cried, "Let us go up at once and possess it, for we are well able to overcome."

We will let the possession of the land represent a widespread flourishing revival. Faithful workers have gone out into the land. What do you desire more than its possession. We are able, if we only believe. All of the organized forces of Satan in Morgan county could not prevent the success of this forward movement, but indifference and unbelief make success practically impossible. Christ could not do mighty works in Nazareth because of their unbelief. There are many places in this state where He cannot do many mighty works because of their unbelief. The Master requires an atmosphere of faith. "Without faith it is impossible to please God." If we can give him the atmosphere of faith the victory is assured. This is the victor that overcomes skepticism, opposition, mountains of difficulty, even the world.

If the presence of the Duke of Wellington was sufficient to inspire his soldiers to noble service and victory, what must be the inspiration in the fact that "we are laborers together with God"? Being thus able, let us go up at once and possess it.

Ever since God said to Moses "Speak to the children of Israel, that they go forward," this has been inseparably connected with the gospel and Christian activity.

## WITH SICK PEOPLE.

Mrs. Jane Ryan and son Michael of Winchester, Daniel Ryan and Mrs. Edward Ryan of Beardstown have returned home from a visit with Edward Ryan of Beardstown who is ill at Our Savior's hospital. Mrs. Jane is a sister-in-law, Daniel Ryan is his father and Mrs. Edward Ryan is his wife. The invalid is the one who suffered a second fracture of a broken leg by being thrown from a buggy in a runaway. He is doing as well as could be expected but is unavoidably suffering a great deal.

Mrs. Mary Wood, who has been seriously ill at her home on West College street, was better yesterday.

the government. This change was made to prevent the federal reserve banks from engaging in a commercial business in competition with the member banks which are forced to supply the capital upon which the reserve banks will operate.

Problems of note issue and questions of whether the government or the banks should control the issue of paper currency, occupied much of the attention of the senate committee during its hearing on the currency bill today.

Prof. O. M. W. Sprague, of Harvard university, endorsed the general principles of the bill introduced by Senator Shauroth which would provide for a general issue of federal currency to replace all paper money now outstanding, including the national bank notes, the government taking over the bonds and holding them as part security for the currency.

#### Will Not Publish Agreements.

Democratic members of the tariff conference committee now engaged in adjusting differences between the two houses on the tariff bill, decided today not to make public any further agreements until the conference work is completed. Publication of agreements during the past few days has brought many demands upon the conferees for the re-opening of certain schedules and they have determined hereafter to maintain silence.

Chairman Simmons of the senate conferees said tonight the work was progressing more rapidly than he had expected and he thought a report might be completed by the end of this week.

#### Finish Free List.

The conferees today finished the free list and began on the remaining items in the dutiable schedules. When they adjourned they had gone over the bill for the second time as far as the schedule covering metal and metal products. There was a long debate over the wheat and flour provisions of the bill, house members objecting to the senate amendment imposing a duty of ten cents a bushel on wheat coming from a country that levies a duty against wheat from the United States. This question was not settled.

The conferees agreed to leave the iron on the free list where the senate put it but did not determine whether ferro manegane should be taxed or free. A compromise was affected on the automobile schedule by which the low rates fixed by the senate were increased slightly and agreement was reached on the glove schedule, reducing somewhat the increase in rates made by the senate.

#### Plan for Adjournment.

Plans for an adjournment for the house for a month or longer after the currency and tariff bill are disposed of were under consideration today by house and senate leaders. It is the senate that will be engaged on the currency bill for many weeks, while the house would have nothing of importance before it.

COATS, SUITS, DRESSES AND FURS WILL BE SHOWN ON LIVE MODELS FROM 2:30 TO 5 P.M. DURING OUR OPENING DAY IN OUR READY-TO-WEAR SECTION. F. J. WADDELL & CO.

HAVE ATTRACTIVE DISPLAYS. Among the many attractive window displays today, those at the Myers Bros. store are certain to attract special attention. The firm has very extensive display windows and at all times devotes a great deal of attention to their arrangement and decoration but for today some entirely new fixture will be used. These fixtures and the excellent new lines of clothing and furnishings make very attractive displays possible. Within the store has been elaborately trimmed with oak leaves and potted plants are located with artistic effect.

Jacksonville Lodge No. 570, A. F. & A. M., will hold a stated meeting tonight at 7:30, also work. Visiting brethren welcomed. Warren Case, W. M. E. L. Kinney, Sec.

#### CHOOSE CHICAGO FOR

#### HEADQUARTERS

Springfield, Ill., Sept. 17.—The state industrial commission, created by the last legislature, will establish headquarters in Chicago. A decision to this effect was reached today at a meeting here of the two members now composing the commission, H. S. Tanner, of Paris, chairman and Peter Angsten of Chicago. The election of offices in Chicago was left with Mr. Angsten. The fact that three-fourths of the business of the commission most of which will be under the workingman's compensation act, will come from Chicago, led the commission to its decision to locate there.

How to Get Rid of Eczema

An Effective Method that Kills the Germs and Makes New Skin.

Even a Microscope Won't Find Blemish After S. S. Gets Through.

If you bruise your hand, you will notice that a scab forms, and when it falls off, new skin has formed. But what do you know? Skin is the same as muscle, bone, sinew, ligament. All are made from the blood, from the materials that your stomach and intestines convert from food into what we call blood. And this blood circulates in the myriad of tiny blood vessels in the skin. Start from your stomach, where blood materials begin, and it won't be long before you are free of eczema. Use S. S. for a short time, and not only will eczema disappear, but the entire blood will be renewed.

There is one article in S. S. which serves the active purpose of stimulating each cellular part of the body to the healthy, judicious selection of its own essential nutrient. That is why it regenerates the blood supply; why it has such a tremendous influence in overcoming eczema, rash, pimples, and all skin afflictions.

Get a bottle of S. S. at any drug store, and you will not only feel bright and energetic, but you will be the picture of new life. S. S. is prepared only in the laboratory of the Swift Specific Co., 189 Swift Bldg., Atlanta, Ga.

## UTILITY FRANCHISES STILL THE THEME

### COMMISSIONER NEWMAN RELIEVED FROM SPECIAL DUTY OF INVESTIGATION.

Question is now up to the Mayor Who Promises a Report Next Monday—This Action Taken Following a Statement by Mr. Newman That Mr. Miser Turned Down Proposition Previously Accepted—Light Company Superintendent Enters Denial.

And now the question of franchises is up to Mayor Davis as the city council yesterday assigned to him the burdens laid down by Commissioner Newman. The mayor has agreed to have franchises ready for the council by the regular meeting Monday morning.

This action was taken Wednesday at a special session of the council called at the request of Mr. Newman when he made an informal report stating that he had come to an agreement with Mr. Miser, representing the Railway and Light company, but that subsequently Mr. Miser had changed his mind and declared all negotiations at an end. In view of this condition Mr. Newman said he could do nothing and that the matter was again up to the council. Mr. Miser, however, made a statement to the council in which he stoutly maintained that Mr. Newman was mistaken; that no agreement had been reached; that he simply promised to take Mr. Newman's proposition under advisement; that he had done so and then turned it down. This is about the way the drama, or the comedy, was enacted yesterday.

When the session was called to order Mr. Newman said that he had asked the mayor to call a special session in order that he might make a report on the franchise and lighting propositions which had been referred to him. Mr. Newman then went ahead with his report which was substantially as follows.

#### Quotes Proposition.

"Acting under instructions from the city council I met with Mr. Miser and he agreed to franchises and to furnish city lights under the following general terms: The street car franchise was to be substantially as already submitted and the rate for electricity was to be 10c maximum instead of 13c, as is now paid; the rate for gas \$1.10 instead of \$1.15. The light company agreed to furnish the city 200 lamps at an annual rental of \$60 per lamp for street lighting. The city now has less than 185. In view of this arrangement the company would pay 3 per cent on its gross revenues. These revenues Mr. Miser said amounted to \$250,000 per year so that the amount to be paid to the city would be \$75,000 a year against the charge of \$12,000 for the 200 lights. This would mean that the entire lighting system of the city would cost but \$45,000 a year. All these things were agreed to by Mr. Miser, who said he had full authority to act for the McKinley system and by me representing the council though it was of course understood that the matter would have to be referred back to the council. I supposed the deal was all settled between us until this morning when Mr. Miser informed me that the deal was all off and that the plant and railway would continue to run as at present. In answer to my suggestion that it would be necessary for the company to secure franchises he replied that the company already had franchises. As I therefore do not now see any prospect of accomplishing anything alone, I respectfully refer the franchises back to the council. I cannot imagine what influences have been brought to bear upon Mr. Miser to cause him to so speedily change his mind."

He positively denied that he had not made this statement. Supt. Miser was given permission to take the floor and positively denied that he had made even a tentative agreement with Mr. Newman. He said:

#### Mr. Miser Enters Denial.

"I did confer with Mr. Newman and he made the proposition along the lines which he has told about and he wanted to know if I would take the matter under consideration. I replied that this sounded all right and that I would consider it carefully and give him an answer very soon. I do not at no time intimated to him, or stated, that I would enter into such an agreement on behalf of our company. After looking into the proposition he made I found that it was not one which our company could enter into and I so notified him this morning. There can be no mistake as to what was said at the time of our conversation for it took place in my office and I had witnesses there to hear the conversation."

Mr. Newman said that there were no witnesses present and Mr. Miser replied that while Mr. Newman might not have seen the witnesses that they were there all right and close enough at hand to hear all that was said. Mr. Newman, however, maintained that the conversation at which the proposition was made by him and agreed to by Mr. Miser took place in Central park.

After these statements had been made Mr. Engel made a motion that the report of Mr. Newman be received and placed on file. There was some discussion about this and objection to receiving the report and placing it on file, as Mr. Newman simply had notes of what he said and did not have a formal statement to be made a part of the records.

Mr. Brennan then said that if Mr. Newman meant to report to the council that he was unable to accomplish anything with the franchises that had been referred to him and wished to be relieved of the responsibility of the matter that he would make a motion that the report be accepted. Mr. Newman said that was his intention and Mr. Engel then offered a second to Mr. Bren-

man's motion. After some further discussion this motion was put and carried.

Mr. Newman said that the franchise matter was now again before the council and that if Mr. Knollenburg would renew the motion made at a former session that the franchises be taken up and considered section by section that he would second this motion.

#### Refer Franchises to Mayor.

Mr. Knollenburg replied that there had been so much talk about the franchises and that since Mr. Newman had failed to accomplish anything that he was in favor of referring the whole franchise matter to the mayor to see if the executive couldn't bring forth some documents which would meet with the approval of the whole council. He said that if the mayor couldn't do it then he would be in favor of referring them to Mr. Brennan, then to Mr. Engel and finally he would take a whack at them himself. He said that if the franchises came to him that he would bring in some kind of report in three hours. It was then agreed that all the franchises should be handed over to Mayor Davis with the understanding that he would have a report to make to the council by the Monday session and that the documents would be in shape for consideration at that time. The entire council voted unanimously in favor of this proposition.

Mr. Newman suggested that while the mayor was working on the franchises that the various commissioners should also be busy along the same line and that if the mayor's measures were not satisfactory that substitute documents should be presented very speedily afterwards. He said that there had been so much delay on these matters that now it behooved the council to speedily get some action in order to have the whole matter settled and put to a vote to the people before the utility commission takes control of all franchise affairs here and elsewhere throughout the state.

#### IF MEALS HIT BACK AND STOMACH SOURS

"Pape's Diapepsin" Ends Indigestion, Gas Dyspepsia and Stomach Misery in Five Minutes.

If what you just ate is souring on your stomach or lies like a lump of lead refusing to digest, or you belch gas and eructe sour; undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache, you can get blessed relief in five minutes.

Ask your pharmacist to show you the formula, plainly printed on these fifty-cent cases of Pape's Diapepsin, then you will understand why dyspeptic troubles of all kinds must go; and why they relieve sour, out-of-order stomachs or indigestion in five minutes. "Pape's Diapepsin" is harmless; tastes like candy, though each dose will digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but, what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many "Pape's Diapepsin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gases, heartburn, sourness, dyspepsia or any stomach misery.

## YANKEES SPLIT DOUBLE HEADER WITH CHICAGO

## WHITE SOX WIN FIRST 9 TO 3; NEW YORK SECOND 3 TO 2.

By Taking the Second Contest from Chicago the Yankees Gain Seventh Place For the First Time This Season, the Browns Sliding to the Cellar.

The National commission has decided that when Tebeau sold Cy Morgan to Cincinnati the gold-bricked their chairman, and Sir George has been ordered to return to Garry his ante, together with all other expenses incurred in the deal.

Bill Lange in one inning at Kansas City on Tuesday was pelted for six hits by Toledo. Bill Riley took up the burden and was found for sixteen more before the end. Reports do not tell what was done with the ex-White Sox, but after the game Riley was banished to Sioux City.

King Cole, who has been drafted by the Yankees, is up in the air over the deal. The King wanted to get back into the big show; but he would prefer to return to dear old Kalamazoo and call "next" in the old barber shop than work with Chance, the man who chased him to Pittsburgh.

Milwaukee boxing fans are attempting to match Ritchie with Charlie White, the little Chicago Ghetto boxer. The champion on the other hand is negotiating a "go" with Leach Cross to be pulled off in New York—if the boxing commission will fall for his game.

The Yankees were second best in the first qualifying round in the Brookline, Mass., open golf tournament.

## LOGAN BLACK'S PONIES WERE PRIZE WINNERS IN THE EAST

Pair Sold to Arthur Vanderbilt at Syracuse Brought Morgan County Dealer \$2,500—Another Team Brought \$1,000.

Nearly all persons acquainted with livestock in the county are aware of the fine Shetland ponies bred by Logan Black at his farm east of the city. A few weeks since he started east with a string of beauties and visited a number of fairs, notably at Cleveland, Ohio, the great fair at Syracuse, New York, and others. He took almost all the premiums in sight where he showed, capturing ribbons that brought him over \$500. It was at Syracuse that Arthur G. Vanderbilt saw the beauties and at once desired the best pair, the blue ribbon takers, and began negotiations for them. They were a stallion and a mare, regular little beauties, high steppers, proud and dainty, every way likely to excite the admiration of a man like Mr. Vanderbilt and a desire to have them. Mr. Black wasn't at all anxious to sell, but Mr. Vanderbilt was anxious to buy and finally the ponies changed hands at \$2,500 for the pair and they were sent to the Vanderbilt farm.

Then there was a little woman in Syracuse, said to be the smallest woman living, and she wanted a pair of ponies. She is manager of a show of some kind and coveted the midgets so small like herself. Mr. Black had let the best pair go, but he had something very fine yet and after great persuasion Doletta, the little individual mentioned, became the proud possessor of a pair of little creatures, paying the neat sum of \$1,000.

A lady in Cortland, N. Y., wanted one of the plainest ponies and she managed to get that one for \$200, so that with premiums and sales Mr. Black's exchequer is the greater by over \$4,200, less expenses.

Mr. Black doesn't by any means expect to give up producing fine ponies, for he knew right where to go to get more and so before returning home he went to Lamar Mo., where he bought ten head of little creatures of a fine quality and these will improve in various ways and in time he will have plenty of prize winners.

Mr. Black says in New York, Ohio and Indiana he observed, as he passed through them that the crops were not equal to those in this vicinity. In Missouri it was some better than in the east, but in this vicinity he finds we are better off than a great portion of the people in other states.

**ANOTHER DAY.**

**REFRIGERATION CONGRESS.**

Chicago, Sept. 17.—The third international congress of refrigeration, in which forty-two countries in all parts of the world are represented by more than five thousand delegates including manufacturers, scientists, engineers, ice producers and dealers in all kinds of produce which depend upon refrigeration to prevent enormous waste, was opened here today by acting president Dr. Frank W. Gunsaulus, Secretary Houston of the department of agriculture, who is the honorary president of the congress, delivered the opening address and also presided at the ceremonies attending the opening of the refrigeration exhibition which is held in conjunction with the congress at the International Amphitheatre of the Union Stock Yards. The exhibition is unusually large and comprehensive and shows the marvelous progress that has been made in the construction and equipment of ice and refrigerating plants. The exhibit of the United States government includes an enormous ice box which cost \$10,000 to build and which is believed to be the largest ice box in the world. Among the foreign exhibits the Russian exhibit is particularly large and interesting, which is due to the fact that the Russian government is taking great interest in the matter and, through its delegates, will make an effort of having St. Petersburg designated at the place for holding the next congress.

**CONDITION UNCHANGED.**

Wednesday evening Paul Wells, who has been seriously ill since practicing football last week, was about the same. Mrs. Wells stated Wednesday that both she and Mr. Wells had always opposed Paul playing football, but had said nothing to him about it this year, as school had just started and they hadn't given it a thought. She said that she did not know he was practicing until the evening he went home sick.

## Clinical Thermometers

Physicians are more and more recommending that each home have its own clinical thermometer. Particularly is this true when there are children or invalids.

By its timely use conditions are discovered, knowledge of which may lead to treatment that will arrest, if not entirely cure illness.

We carry a complete line of thermometers that are substantial and strong. The degrees of fever are well spaced and numbered so that it appears at a glance just how much exists. Prices range from 75¢ to \$2.00.

**SCHOOL BOARD FAILS TO ELECT TEACHER.**

The school board met in a called session Wednesday evening to elect a successor to Miss Ooley, resigned, of the eighth grade. The board adjourned however, without accomplishing their purpose after failing to agree in nine ballots. The teachers voted upon were Mrs. Ida V. Smith, nominated by Mr. Hall; Miss Laura Hammond, by Mr. Rogerson and Miss Frances Alkire, nominated by Mr. Wells. Both Miss Hammond and Miss Alkire are teaching in the lower grades. Mrs. Smith was for some time principal of the First Ward school. On the first ballot the vote stood: Mrs. Smith, 1; Miss Hammond, 1; and Miss Alkire, 2. As no better agreement was made by the board at the end of the ninth ballot they adjourned to take the matter up again later.

Ladies expecting to purchase fur sets this year will find it profitable to consult FRANK BYRNS.

**CORNCUTTERS TORN UP.**

J. A. Hembrough of Ashbury was in the city Wednesday having his two corncutters repaired which were injured a few days ago in a runaway. The two machines were working a short distance apart and going in the same direction when the horses hitched to the hindmost cutter took fright and collided with the machine in front. The front machine horses took fright in turn and the two corncutters were considerably torn up, although no one was hurt.

### PUTS LARGE SUM IN TREASURY.

Edward Lonergan, who has just entered upon his duties as special officer for the State Board of Administration, said yesterday that six appointments are to be made of officials for like work. One is to act for each of the six state insane hospitals in investigating as to the ability of relatives of insane wards to pay the yearly cost of maintenance. The average cost is about \$172 per year and since the board of administration started the movement to look up these matters the annual revenue which has come into the state treasury has grown to be about \$200,000. Mr. Lonergan says that the board believes that if all persons paid who should, that the yearly returns would be nearly one million dollars.

### WARTBURG SYNOD ELECTS.

Springfield, Ill., Sept. 17.—The officers of the Wartburg synod of the German Evangelical Lutheran church who served during the past year were all re-elected today as follows:

President, H. Dorow, Golden; vice-president, Rev. George Schulz, Steeleville; statistical secretary, Rev. R. Kuehne, Portville, Ia.; treasurer, H. Emmings, Golden, Ill.

### MATRIMONIAL

#### Adams-Sides.

The marriage of W. Richmond Adams and Miss Essie May Sides, both of Versailles, took place Wednesday morning at 11:30 o'clock in the study of the Christian church, Rev. Clyde Darsie officiating, assisted by Rev. R. F. Thrapp. The groom is a clerk and they will make their home in Versailles.

#### Sieberman-Miller.

John L. Sieberman of Greenfield and Miss Anna Miller of Hettick were married Tuesday afternoon at 4:30 o'clock, Rev. George W. Flagg of Centenary M. E. church officiating. The young people will reside on a farm in Greene county.

#### Doyle-Lonergan.

The marriage of Mr. John Doyle of this city and Miss Catherine Lonergan of Murrayville took place Wednesday morning at 8 o'clock at St. Bartholomew church in Murrayville, Rev. Father McCauley officiating, in the presence of a large company of relatives and friends. The attendants were Miss Alice Lonergan, a sister of the bride, and Mr. Thomas Doyle, a brother of the groom. The bride was dressed in white satin and wore a veil, wreath of orange blossoms and carried bride's roses. The bride's maid wore a pink satin gown with veil to match, a wreath of pink roses and carried pink flowers. Music was furnished by Miss Alma Flynn and the wedding march from Lohengrin was used.

The bride is the daughter of Mr. and Mrs. John Lonergan and the groom is the son of Mrs. Hester Doyle of this city. Both young people are well known and highly respected. Mr. Doyle is in the employ of the Jacksonville Railway and Light company and after a brief visit in the south they will make Jacksonville their home.

A reception was held last evening at 8 o'clock at the home of the bride's parents. They were the recipients of many useful gifts.

### H. G. CREEL WILL GIVE FREE LECTURE IN PARK.

### IS WELL KNOWN AS WRITER ON SOCIALISTIC THEMES.

H. G. Creel of St. Louis, a well known Socialist writer and lecturer, will speak in Central park Friday evening, Sept. 19, at 7:30 o'clock. The lecture will be absolutely free and no collection will be taken. Chairs will be provided and in case of rain the lecture will be given in Socialist hall.

The following announcement has been made of Mr. Creel's coming:

"H. G. Creel comes fresh from the lumber camps of Louisiana, where he was the means of exposing to the world the notorious acts of outlawry of the lumber trust by means of which the forests which were nature's gift to the people, were confiscated by the lumber barons thus despoiling the rights of free American citizens who were ruthlessly thrown into prison for asserting their rights."

"He next went to the mining camps of West Virginia which so recently have been the objects of attention by the press and by the U. S. congress in its investigation of affairs in that state. The brutal and despotic treatment of the West Virginia coal miners is unparalleled in the history of the country and can only be equaled by the treatment they have received in some European countries."

Mr. Creel is staff correspondent for the National Rip Saw and is a noted lecturer and writer. Everybody is cordially invited to attend. If you want to hear a faithful and comprehensive delineation of history and the cause making for progress, come to this meeting and hear the noted world lecturer."

See the millinery display at the store of L. C. & R. E. Henry today.

### OPENING DAY AT I. S. D.

The first chapel exercises for the year took place Wednesday morning at Illinois School for the Deaf. The attendance is as large as usual and indications are that it will exceed last year's record after all pupils have been enrolled. Many of the parents spent the day at the school and attended the chapel exercises. Supt. Gillett was given an especially warm greeting by the pupils when he arose to make the special announcements for the day.

### GEORGE D. BLACKBURN HAS ANSWERED THE FINAL SUMMONS

Death came to him Wednesday afternoon following extended sickness—was born in Morgan County sixty-five years ago.

George D. Blackburn for more than sixty years a resident of Morgan county passed from earth Wednesday afternoon at 2:30 o'clock at his home four miles north of Jacksonville. Mr. Blackburn had been in failing health for more than a year but he was not confined to his home and room until with recent weeks.

Mr. Blackburn was the youngest son of the late Matthew Blackburn and was born at the Blackburn homestead in the Ebenezer neighborhood September 12, 1847. He spent his boyhood there and after attending the school in that neighborhood became a student at Illinois college. While he did not graduate he ever maintained his interest in college affairs and one of the late public events he attended was the annual commencement last June. He was a member of Sigma Pi society.

**Killibrew as Captain.**  
Killibrew looks as though he will be a hard man to stop this year. It has been rumored that he will be captain of the team for 1913. It is hoped that Cannon, Reid and Madox, who have been out of school thus far on account of being employed will soon be in. They are three veterans of the game.

### No Games With Springfield.

There will be no games this year with Springfield. The only sure game thus far is with Alton high school who comes here October 4.

### New Rules.

The new rules in football this season are few. One of the main changes is that a punt can be made any distance back of the line of scrimmage. Last year the punter had to stand 5 yards back. This will mean that there will be lots of kicking done from the quarter back position. Another change is a man after once taken out cannot re-enter the game except at the first of each quarter. In the last quarter he can substitute at any time.

### DRINK "CLAUS FAMOUS" COFFEE, 35c POUND.

### ROBERT STRAWN RETURNS.

Robert Strawn who has been in the west the past year has returned to Jacksonville and expects to enter the high school. He is a star track man and was winner of the 220 yard dash in the Western Illinois High school league meet in 1912.
